### **Attention to Media Editors**

## **Comtec Solar secured wafer supply agreement in approximately 100MW with US listed company – China Sunergy**

- **600MW production capacity expected to be completed before the end of 2010**
- **On track to expand production capacity to 1GW by 2011**

**Hong Kong, 26 August 2010 – Comtec Solar Systems Group Limited** (“Comtec” or the “Company”, together with its subsidiaries the “Group”, stock code: 712), a PRC-based leading manufacturer of monocrystalline solar wafers, is pleased to announce the Group has signed a wafer supply agreement to provide a major US listed solar company, China Sunergy Co. Ltd. (“China Sunergy”), with approximately 100MW of monocrystalline solar wafers.

The Group signed a wafer supply agreement with China Sunergy. Under the terms of the contract, Comtec will supply China Sunergy with approximately 100 MW of monocrystalline wafers from January 2011 to December 2011.

**“Riding on the strong market momentum, we are getting a lot of enquiries from new potential customers as well as existing customers who wish to secure production capacity for 2011. We will continue to leverage the strength of our core wafer business and seek to maintain the high quality products and services to satisfy them. We are very encouraged by keep signing up agreements with customers and on track to expand our production capacity to 1GW by 2011.”**

**Mr. John Zhang,**  
**Chairman and CEO of Comtec Solar**

— The End —

### **About Comtec Solar Systems Group Limited**

Comtec Solar is a leading monocrystalline solar ingots and wafers manufacturer in the PRC. With its production base in Shanghai, the PRC, it focuses on the design, development, manufacturing and marketing of high-quality solar wafers. Comtec Solar, founded in 1999, is one of the first manufacturers in China to be able to mass produce 156mm x 156mm monocrystalline solar wafers with a thickness of approximately 170 microns. It has accumulated strong industry background from the manufacture of semiconductor ingots and wafers since 1999. Comtec Solar currently supplies most of its solar products to the leading solar cell/module manufacturers. Listed on Main Board of The SEHK on Oct .30, 2009, it is committed to enhancing product quality as well as developing new and innovative solar wafers. As it is well positioned to benefit from the growth of the solar PV industry, the Company aimed to broaden its customer base internationally.
